Docket No. CP2011-51

**NOTICE OF FILING TERM DATA REPORTS UNDER SEAL**  
(April 4, 2017)

The United States Postal Service hereby gives notice that it is filing, under seal, contract term data reports for two additional Priority Mail—Non-Published Rates (PMNPR) customer agreements that have expired in recent weeks. The agreements covered in these reports are listed below by serial number, along with each agreement's termination date. The two reports being filed today are being filed more than thirty days after the respective termination date for each agreement. The late reports are the subject of the Postal Service's pending Motion for Extension of Time (filed February 27, 2017), and subsequent Status Report (filed March 10, 2017) in this docket.

As discussed more fully in those pleadings, the Postal Service continues to be concerned that these ad hoc reports are difficult to develop within thirty-day timeframes and are likely to include inconsistencies with the data the Postal Service produces as part of its normal quarterly reporting cycle. The Postal Service nevertheless remains committed to doing all that it can at this time to meet the Commission's current thirty-day deadline for end of term reports, while reserving the right to seek additional appropriate relief in the event that the challenges associated with the present deadline prove to be intractable.

The Postal Service incorporates by reference the application for non-public treatment that was filed in conjunction with the Postal Service's December 17, 2010 Request filing in this docket, for the protection of the materials that the Postal Service is today filing under seal.
